

Digital Marketing Photography

For First Bank, Nigeria

Introduction

Our objectives is in three fold.

Brand consistency

Our role ensures that the bank's visual identity remains consistent across all digital platforms. This consistency helps build trust recognizing among customers and potential client.

Engagement

Through our photography, we can tell compelling stories about the bank's mission, values, and Community involvement, helping to humanize the institution and connect with the audience on a deeper level.

Reputation Enhancement

As a creative and digital photography brand, our high resolution and quality images can contribute to enhancing the bank reputation, differentiation and trustworthiness in the eyes of the public, which is crucial in the financial industry.

The Creative Capacity of our Team

Here are some of the techniques in which we express our creative capacity at Fliq Media

Composition: We experiment with different poses, angles, and positions to create an interesting visual appealing composition.

Lighting: Creative lighting can dramatically impact the mood and atmosphere of the photograph hence, we experiment with natural lighting or artificial lighting techniques.

Storytelling: The photograph can tell a story or capture a moment in time. We encourage our subjects to interact with each other, showing their relationships, feeling, emotions, or a specific narrative. Whether it's a candid moment or a carefully staged scene, storytelling adds depth to our photograph.

Location and Background: The choice of location and background can greatly enhance the creative capacity process of our photograph. We consider using a unique location or backdrop that complements the visual interpretation, story or theme of the project .

Color and Style: We experiment with color grading and post-processing techniques to create a unique visual style for the photograph.

Props and Accessories: We introduce props or accessories to add layers of creativity to the photograph. These elements reveal aspects of our subjects' personalities or enhance the overall theme.

Perspective: We play with different camera angles and perspectives. Depending on the scenario, we can shoot from high above, ground level, or from unusual angles to provide a fresh and creative view of the subjects.

Editing and Retouching: We experiment with various editing techniques to enhance the visual impact of the photograph.

Emotions and Expressions: We encourage the subjects to convey genuine emotions and expressions. spontaneous moments can capture raw, authentic emotions that resonate with viewers.

Quality of Photographers in Our Employment

The quality of photographers on our team is the secret behind our success.

1. Technical Proficiency
2. Creativity and Innovation
3. Attention to Detail
4. Consistency
5. Adaptability
6. Communication Skills
7. Emotional Intelligence
8. Professionalism
9. Continuous Learning
10. Ethical Standards
11. Portfolio and Body of Work
12. Collaboration

In a creative photography team, the combined quality of photographers is often greater than the sum of their talents. Their collective skills, experiences, and creative synergy can result in outstanding and innovative photography that sets the team apart in the competitive field of creative visual storytelling.

Operational Procedures for Fliq Media

Operational procedures for the Fliq Media brand involves the day-to-day processes and activities necessary to run the business efficiently and deliver high-quality photography services to clients. Here's an overview of operational our procedures.

Pre-Shoot Preparation:

- * We consult with clients to plan and coordinate photo sessions, including discussing themes, locations, wardrobe, create moodboard, and any special requests.
- * Prepare a shot list and any necessary equipment and props.
- * Arrange permits or permissions for photography in specific locations if required.

Photography Session:

- * We arrive at the location on time to avoid missing sensitive moments .
- * Set up lighting, camera equipment, and any additional accessories.
- * Direct and guide subjects to capture desired shots, ensuring a comfortable and enjoyable experience for clients.

Post-Processing and Editing:

- * We export our raw photos to a raw adjustment app for the adjustment processing .
- * Edit and retouch images to meet quality standards and client expectations.
- * Create backups of edited files to prevent data loss.

Client Delivery:

- * We share final edited images with clients through a secure and efficient delivery method, such as an online gallery, USB drive, or physical prints.
- * Ensure clients have access to download, view, and purchase additional prints or products if desired.

Invoicing and Payments:

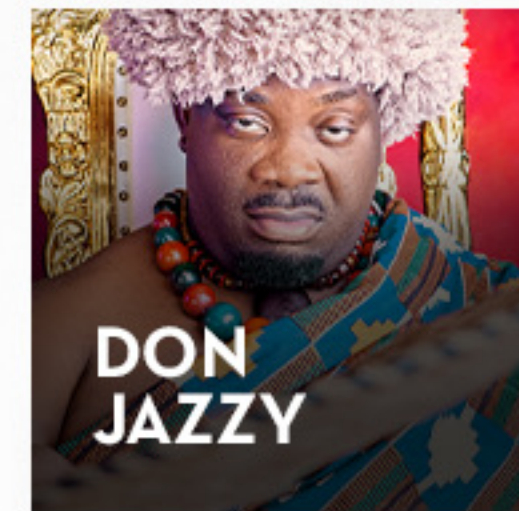

- * We generate and send invoices for services and any additional products ordered.
- * Monitor payment schedules and follow up on overdue payments.
- * Maintain accurate financial records.

Legal and Administrative Tasks:

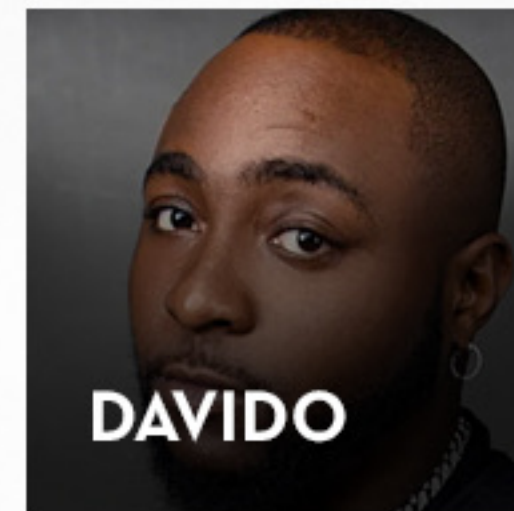

- * We read and understand the legal imperatives of photographing our client.
- * Stay compliant with local business regulations and tax requirements.
- * Keep organized records of expenses, income, and contracts.

Client Feedback and Follow-Up:

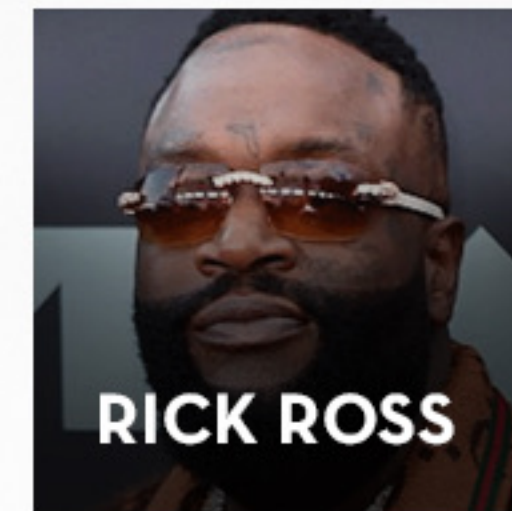

- * We request feedback from clients to evaluate service quality and identify areas for improvement.
- * Follow up with clients after the shoot to ensure satisfaction and address any concerns.
